

Last term in Year 6:

What a fantastic term we've had! The children have thoroughly enjoyed an exciting journey into the world of fossils and evolution.

One of the highlights was our trip to the Natural History Museum, where the children had the chance to see a wide range of fossils up close and understand their importance in learning about the past. They were amazed by the incredible discoveries that have shaped our knowledge of prehistoric life!

Back in the classroom, the children had so much fun designing their own hybrid animals. Their non-chronological reports were fantastic to read and really demonstrated their creativity, imagination and understanding of adaptation and inheritance. In science, the children carried out an exciting investigation where they used different "beaks" to collect a variety of foods. They discovered that some beaks were better suited to particular foods, just like Darwin observed with the finches in the Galápagos Islands.

It has been a brilliant term full of hands-on learning, curiosity and discovery. Well done to all the children for their enthusiasm, creativity and hard work - we are so proud of everything they have achieved!

Year 6

Learning Letter

Term 4

This Term's Learning Journey

What was the impact of WW2 on British people?

This term, our learning journey will take us back in time to explore the impact of World War II on the British people. Through a range of engaging activities, the children will gain a deeper understanding of this significant period in history and how it shaped the lives of those who lived through it.

We will begin by investigating the causes of World War II and learning about the key events that led Britain into war, exploring its different phases and the bravery of those who defended the skies. To help bring history to life, we will step into the shoes of children from the 1940s and explore the vital role of women during the war, learning how their contributions changed society both during and after the conflict. As we reflect on the past, we will consider how the war has impacted our lives today. We are excited for an engaging and thought-provoking term ahead, filled with opportunities for the children to develop their historical knowledge and empathy for those who lived through this time.

Subject Specific Information

English	Setting Description Dialogue in Narrative Persuasive Speech
Maths	Fractions, Decimals and Percentages
Science	Light and shadows
Geography	World War II—What was the impact of WW2 on British people?
History	
Art and DT	Make do and Mend—making soft toys
RE	Easter—Is Christianity still a strong religion 2000 years after Jesus was on earth?
Music	Songs from WW2
French	My best day ever
Computing	Developing computer skills
PE	Handball Gymnastics
